

Student Assistants (HiWis) Wanted for the Conference "53rd Annual Meeting of the Colloid Society"

The Chair of Physical Chemistry I is seeking several dedicated student assistants to support our team in organizing and running the conference. The event will take place from September 30 to October 2, 2026, on campus (FAN B). Your assistance will be required between September 21 and October 2, 2026. Working hours will be scheduled as needed (anticipated contract volume: approximately 20 hours). In addition to remuneration, you will have the opportunity to attend the conference and its scientific program.

Your Responsibilities

As a student assistant, you will support us before, during, and after the conference in areas including:

- Preparation and clean-up tasks
- Assisting guests (reception, registration, wayfinding, serving as a general contact person, admission control)
- Supporting technical operations (microphones, presentations, projectors, and room equipment; training will be provided)
- Assisting with catering (setup and dismantling, supervision of refreshment stations)
- Supporting the sessions (timekeeping, conveying information, assisting speakers)
- General tasks arising in connection with the event

Requirements

- Reliable, friendly, and service-oriented
- Willingness to work as part of a team and to take on tasks flexibly
- Good communication skills in both German and English
- Previous experience in events or customer service is an advantage, but not required

Interested?

We look forward to receiving your application at: Prof. Dr. Markus Retsch
